Informative Guidelines for Presentation at Events Organised by Knabstrupperforeningen for Danmark

To achieve a consistent presentation and therefore evaluation from venue to venue and from year to year, the following guidelines for participants and judges have been collated. As the headline indicates this should be understood as a guideline since specific circumstances and facilities may necessitate small adjustments. The judges' opinion will always take priority and be final. Basic in hand showing rules are not included in these guidelines.

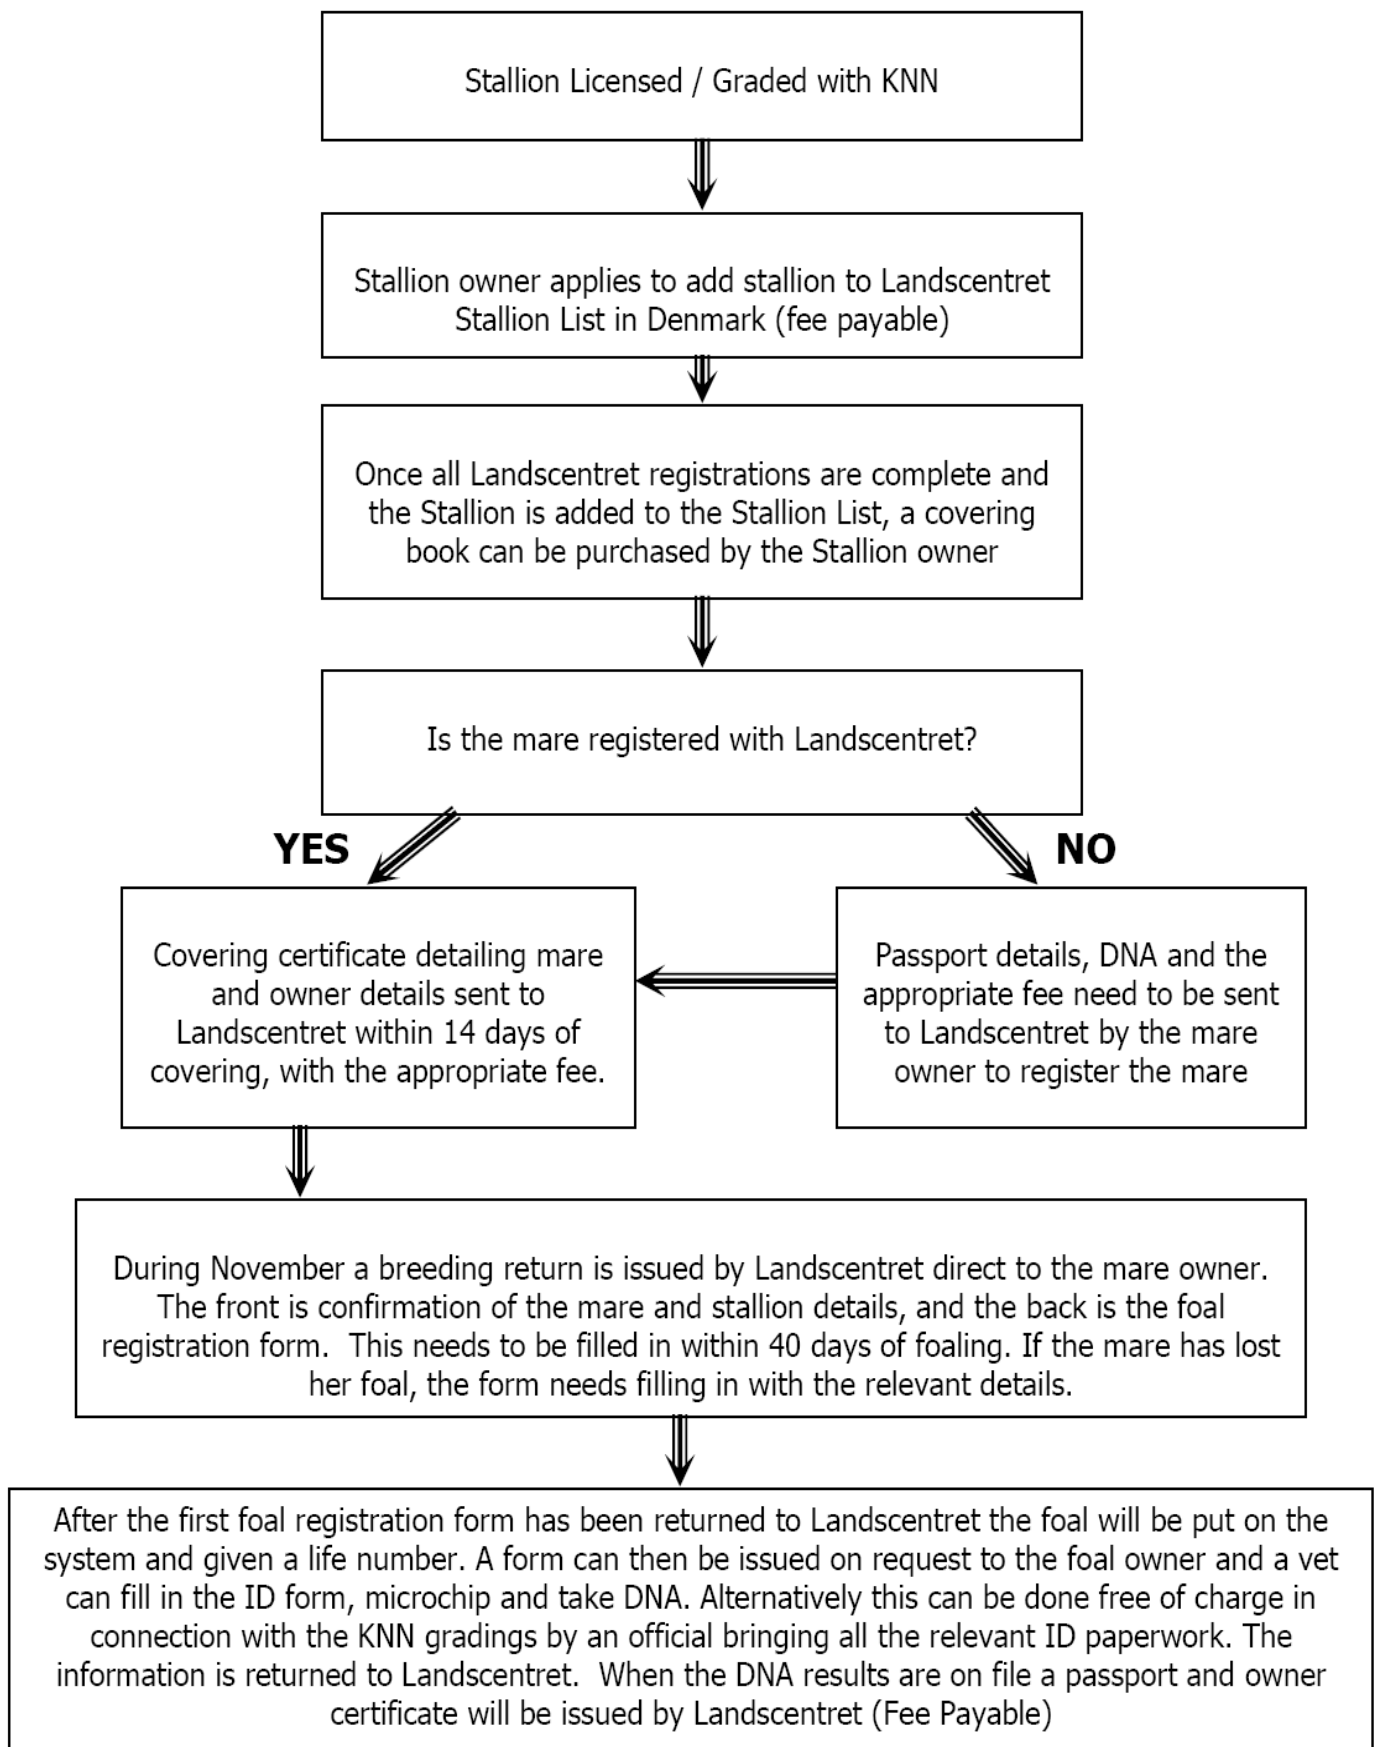

General Rules

- Only healthy and disease free animals may be brought forward.
- It is the handler's responsibility to keep their animal(s) under control at all times for the safety of all concerned. The handler/owner is liable for any damages it may cause.
- Dress Code: The handler should wear discrete white clothing, black trousers may be worn.
- Grooming: The horse should be shown clean and well groomed
- Helping aids: It is permitted to carry a whip, but it is not allowed to tie plastic bags or similar to it

Bridles: Foals are not permitted to be shown in bits, but stallions must be shown bitted. All reins and lead ropes that are required to be taken off to show the animal loose must be of a **quick release nature**, so that clipping and unclipping can occur quickly and smoothly. This is easily achieved either by using a lead and Newmarket chain, or by attaching dog clips or lead rein clips to the ends of the reins. Bridle numbers must be worn so that they are clearly visible.

The Breeding Process

A flow chart explanation of the systems in place for the breeding and registration of foals to obtain Danish KNN Passports.
